RALLY 2:00 p m

MARCH 3:30 p m

WEATHER

Rally plans may change if heavy rain.

We **march**, rain or shine.

STAY INFORMED

We'll post any day-of updates about plans, timing, logistics on our Instagram and Twitter accounts. **@queermarch**

DON'T FEED THE TROLLS

We may encounter hecklers.

When we engage with them, we give them what they want.

Marshals are on hand to deal with them, so you don't have to.

Your actions impact your fellow marchers. Please help us keep this a peaceful and safe protest.

COVID SAFETY FOR PROTESTS

COVID-19, like police violence, disproportionately harms Black, Indigenous, and other People of Color, especially those who are also disabled.

We adopt COVID precautions to promote accessibility, to fight for justice for the most marginalized among us, and because it's the right thing to do.

COVID SAFETY FOR PROTESTS

We strongly encourage people to take 4 simple safety measures:

1. Test before you go. If you test positive or feel sick, stay home.
2. Wear a high-filtration mask at the rally and march. (Free face masks will be available.)
3. Spread out. We need not stand shoulder-to-shoulder to show our solidarity.
4. Test afterward, to ensure you're not spreading the virus.

COVID SAFETY FOR PROTESTS

Select mask mandated areas:

In solidarity with those who are immunocompromised, have Long COVID, and others who wish to be in a fully masked environment, we will have a marshaled space at both the front of the rally and the march where face masks will be required.

ITEMS TO BRING WITH YOU

- A high-filtration face mask
- A hat and/or parasol
- sunscreen
- Healthy snacks
- Water in a reusable bottle
- Electrolyte powder packets
- A fully charged phone, and charger

**Pack light and only bring what you need!*

ACCESSIBILITY BUS

For folx who require an alternative to walking the March, register in advance for the Access Bus. Click on the link in our bio, and then "Accessibility".

POST-MARCH SAFETY

We take care of safely getting all marchers to our endpoint at Washington Square Park.

In past years, the Park and surrounding area have been extremely crowded, and have also been a site of police aggression after dark (particularly near the arch). Plan accordingly, and stay safe!

We'll need to know ...

**...what worked well and
what are people happy with,
and
if anything went wrong or
there are complaints.**
